October 2006

Dear Lions:

We are excited about the opportunity of replacing the Shaw Brown Dorm with a new modern and handicapped assessable dormitory. It will contain fourteen bedrooms each with its own bath. There will be a common sitting area and a large screen porch. The estimated cost to construct the new building is \$800,000.00. Bill and Donna Udovich have made the lead donation of \$250,000.00 to start our fund raising efforts. Our plans include a request of a \$75,000.00 grant from LCIF and a similar amount from the Cannon Foundation.

There are opportunities for everyone to participate in the construction of the new dorm. This packet contains information about these different opportunities. Please share this information with your fellow Lions. We would like to invite you and your club to participate in this exciting endeavor. With your help this new facility will soon be a reality for our blind and visually impaired campers. If you have any questions about this project please contact any of the NCLF Officers, members of the Properties Committee or members of the Camp Dogwood Committee.

Yours truly,

Ron Staley
President
